

Leaves are dropping, days are darker and snow is pending so it is noticeable that we are quickly approaching the end of another year ... and the goal is to finish well! We look forward to helping our charities partners accomplish that by assisting in connecting donors to you and helping to make end of year donations happen seamlessly. We look forward to a strong finish for all and a glorious celebration of the work that the Lord has done through the partnership that CSS has with each of you! Give us a call, we are ready and able to help!

Year End Gifting of Securities — CSS can help!

Your donors don't give to your charity just because of the tax breaks, but tax savings certainly can be helpful! You may have donors invested in stocks or mutual funds that want to learn more about gifting these securities to your charity. Consider discussing how they can use those investments to make their annual donations rather than writing cheques. They will be able to continue to support your charity's mission but much more efficiently from a tax perspective! But what if you as a charity don't have a brokerage account? No problem! CSS is happy to help facilitate these gifts. Your donor can make a transfer of stock to CSS and we will distribute it to the charities they wish using our Gift Distribution Service. Click [HERE](#) for more information or call Brian Dol, our Financial Resource Officer at CSS directly for further details. He can be reached at 1-800 267-8890 Ext 220 or by emailing briand@cssservices.ca

Partner Community Will Clinic — Share with your community across Canada!

Here's a great opportunity for your stakeholders, donors and supporters to attend a Partner Community Will Clinic. CSS is hosting two events on the same day, **November 24th, 2022**. Consider promoting this event to your donors. They will appreciate being invited to explore the estate and gift planning options available. Click [HERE](#) to find all the details or for more information contact katiev@cssservices.ca.

RDA Program Update

CSS continues to suspend new deposits to our RDA program and this will likely extend into 2023. Be assured however that this **does not** affect RDA's (Revocable Deposit Accounts) held by charitable organizations and non-profits. [HERE](#) is the Press Release.

We've Got You Covered!

Our Stewardship Consultants Marinus Koole and Hilco DeHaan are regularly working with clients from coast to coast. In the absence of a Western Stewardship Representative don't hesitate to contact Marinus or Hilco to book an in person event or workshop ... Click [HERE](#) to connect with the Representative working in your area!
