

UPDATES FROM THE FIELD

SERVING PARTNERS ACROSS CANADA VIRTUALLY AND IN-PERSON

Recently, Bill Murray joined our field staff team as the Stewardship Consultant for Western Canada. We are thrilled for this addition to the team, and he is looking forward to meeting our partners and clients in British Columbia and Alberta. [Reach out](#) today to book a live event! We also transitioned Katie Valade to Marketing & Partner Relations for CSS. We are working to provide increased value in marketing and promotions for our partners. Take a look at the links below for Monthly Tidbits to share, Social Media Graphics, and a Partner Survey.

In an effort to better understand the needs of our partners and their supporters, please take 5 minutes to take our Partner Survey. [CLICK HERE](#)

"I was so pleased with the excellent knowledge and service of the CSS representative, and everyone in the room felt comfortable and informed with the presentation. Certainly, the Christian perspective that was offered from CSS in regards to handling our future and finances in a God honouring way was appreciated by all in attendance. I would highly recommend this service to anyone looking for assistance in planning their Will or gaining further insight into planning their financial future."

-Pastor, Cedar Creek Community Church

Tax Changes You Should Know

On January 1, 2024 the changes to Alternative Minimum Tax (AMT) will be applicable to individual donations. Much has been written about this in the media, and yes there will be an impact on your donors, so what can you do? [CLICK HERE](#) for our top tips on this matter.

We understand this will impact some of your donors and encourage those we have contact with and who are able, to act before the change, what doesn't change is that gifting appreciated securities will continue to be a very effective way to support the charities you love.

We also encourage you our partners, in that while it may reduce the gift for some, we also know that for many of your supporters, the charitable gift is not about the tax receipt but honoring God with a giving heart and their support for your cause.

[Contact us](#) today for more guidance through these changes, and feel free to take a look at these articles using the link below for a better understanding.
